PROFESSIONAL SUMMARY

Ambitious technology enthusiast specializing in Artificial Intelligence (AI) and Machine Learning (ML). Adept at blending theoretical knowledge with hands-on application. Strong competencies in Python, Java, C, TensorFlow, and Computer Vision. Eager to apply these skills in practical, impactful projects.

TECHNICAL SKILLS

Languages: Python, Java, C, C++

AI & ML: TensorFlow, Computer Vision, Machine Learning

Tools & Cloud: Microsoft Azure AI, Generative AI Tools

KEY PROJECTS

Project Name Placeholder   *Jan 2024 - Present*
Academic Project

- Description: Developed an ML model to detect X using Python and TensorFlow.
- Outcome: Achieved 95% accuracy in testing scenarios.

Project Name Placeholder   *Aug 2023 - Dec 2023*
Academic Project

- Description: Built a [Project Type] using [Tech Stack].

EDUCATION

B.Tech in CSE (AI & ML)   *2023 - 2025*
Reva University, Bangalore, Karnataka
CGPA: 8.3

Diploma in Computer Science   *2018 - 2021*
M.L Bharatesh Polytechnic, Belgaum, Karnataka

CERTIFICATIONS

- Microsoft Azure AI Fundamentals

- Generative AI Mastermind by Outskill
